

Pages

I love to read and write  
They don't seem  
To fit quite well tonight  
Pages fly  
Out of my empty room  
I try to express  
How much I miss you  
And how much I need you

I can not describe  
How much i need your company  
I can not describe  
The fear that grows  
Deep inside of me

Pages

Now tell me to stop writing  
I'm feeling down  
That's the reason why I'm hiding  
From the sun  
And happiness of being alive  
'Cause the only one  
I'm thinking of is you  
My love

I can not describe  
How much I need your company  
I can not describe  
The fear that grows  
Deep inside of me
