

## Soundtrack of my life

Southpaw

The streets of this city  
They are the soundtrack of my life  
And they are dirty  
And fast like a taxi ride  
Through evening Prague  
But I  
Can hear you breathin'  
Can hear break beat of your heart

Memories  
They keep on attackin' the fields of my mind  
And they still try to fade in  
They're creeping into my house  
Every day  
Every night  
But I can hear you breathin'  
It makes me feel so calm

This is the soundtrack of my life  
The soundtrack of my life

Still hear you breathin'  
And that's the nicest sound
