

So Hot (wash Away All Of My Tears)

Spacemen 3

Lord its so hot, I ain't got a lot
I don't need much but I ain't satisfied right now
Just want the water
Just want an ocean
an endless river to wash away all of my tears

But its so hot, and my heart's bleedin'
I ain't been with you and it's you I'm needin' right now
Just want the water
Just want an ocean
an endless river to wash away all of my tears

When you're hot, and lord how it's steamin'
You've gotta go back to the river babe
Just want the water
Just want an ocean
an endless river to take me back to my place

So hot
