

# Here In Heaven

Sparks

Here there are lots of things to do  
And a panoramic view  
Of the universe completely surrounding you  
And here you cannot buy souvenirs  
For you're never going back, never, never!

Basically, I guess it could be worse,  
Yes I do suppose it could be worse

Here there are many many sheep  
And the people only sleep  
And awake to tell how gory and gruesome was their end  
And I don't have many friends  
And it's really very clean  
And I'm thinking...

Juliet you broke our little pact  
Juliet, I'm never coming back

Up here in Heaven without you  
I'm here in heaven without you  
Up here in heaven without you  
It is hell knowing that your health  
Will keep you out of here  
For many many years

Dear do you often think of me  
As you overlook the sea?  
Do I qualify as dearly departed or am I  
That sucker in the sky,  
The fall guy for the first and the last time?

Juliet, I thought we had agreed  
Now I know why you let me take the lead

Up here in Heaven without you  
I'm here in heaven without you  
Up here in heaven without you  
It is hell knowing that your health  
Will keep you out of here  
For many many years

Second thoughts, is that what you had?  
Second thoughts, first I broke my back  
Second thoughts, as I hit the sea  
Second thoughts, for eternity, for eternity, for  
eternity

Up here in Heaven without you  
I'm here in heaven without you  
Up here in heaven without you  
It is hell knowing that your health  
Will keep you out of here  
For many many years
