Rockin' Girls

Just 17

The cutest thing I've ever seen

C'mon baby, rock with me tonite

You're the only girl I ever met named Linda Lou

Maybe that's the reason that I'm so in love with you

See the girl with the red dress on

See the girl with the red dress off

C'mon baby, rock with me tonite

And you're the only girl I ever met who hates "Hey Jude"

Maybe that's the reason that I'm so in love with you

Take a trip around the world

All you have to say is

"C'mon baby" that gets 'em everywhere

I hope I never have to see the doctor 'cause of you

I hope you never have to see the doctor 'cause of me

Oh, Rockin' Girls, let's go

You look a little slow

Oh, Rockin' Girls, let's go

You still look kinda slow

Oh, Rockin' Girls, let's go

You still look kinda slow

Oh, now you're movin' fine

It's instrumental time

Rockin' Girls

Just 17

The cutest thing I've ever seen

Rockin' Girls, I'm on my knees

Don't get old and don't get mean

C'mon baby, please stay 17

Oh, Rockin' Girls, let's go

You look a little slow

Oh, Rockin' Girls, let's go

You still look kinda slow

Oh, Rockin' Girls, let's go

You still look kinda slow

Oh, now you're movin' great

I think I'll take a break
