If you should die before you wake If you should die while crossing the street The song that you'll hear, I guarantee It's number one, all over heaven It's number one, all over heaven It's number one, all over heaven The number one song all over heaven The one that's the rage up here in the clouds Loud s a crowd or soft as a doubt Lyrically weak, but the music's the thing Gabriel plays it, God how he plays it Gabriel plays it, God how he plays it Gabriel plays it, God how he plays it Gabriel plays it, let's hear him play it It's number one, all over heaven It's number one, all over heaven It's number one, all over heaven The number one song all over heaven The song filters down, down through the clouds

It goes la, la, la.....

In cars it becomes a hit
In your homes it becomes advertisements
And in the streets it becomes the children singing...
