

## Adios Amigos

### Special Duties

Hey joey, hey johnny  
And the brothers who came and go  
I was at adios amigos  
The final farewell show

And i wouldn't of had it any other way  
Final respects were the order of the day

And it was cool, it was fun and the hits kept coming  
I miss you so and my head keeps humming  
To the chords of sheena, jackie and judy  
Suzy headbanging and headcase heidi

And oh i just don't know  
Why i can't let you go  
And oh i don't know why  
Why i can't let you go

I just don't care if people think i'm mad  
'cos losing you for good has only left me sad

Gabba gabba, gabba gabba hey  
Gabba gabba, gabba gabba hey  
Gabba gabba, gabba gabba hey  
Gabba gabba, gabba gabba hey
