

# When Did We Get So Normal?

Spector

I was a goth until I met you  
Got a studded collar to pet you  
Got all the girls to vet you  
But never put you down, down, down  
You were religious until you met me  
Prayed that you would never regret me  
Begged your mum and dad to let me stay another half an hour

But now our bedroom is a black hole  
There was a time we wanted it that way  
Our bedroom is a black hole  
But only 'cause I painted it that way

When did we get so normal?  
I thought that we were immortal  
We started going to Cornwall  
Oh, when did we get so normal?

I was psychic 'til I met you  
Somehow I just knew that I'd get you  
Said that I would always protect you  
But only let you down, down, down  
You were vicious 'til you met me  
Pretended that it didn't impress me  
I just wanted you to undress me  
You only dress me down, down, down

But now our bedroom is a black hole  
There was a time we wanted it that way

Our bedroom is a black hole  
But only 'cause I painted it that way

When did we get so normal?  
I thought that we were immortal  
We started going to Cornwall  
Oh, when did we get so normal?  
When did we get so normal?  
I thought that we were immortal  
But our new curtains are awful  
Oh, when did we get so normal?

Mortgages and marriages  
Waiting in for packages  
Now I know what average is  
Now I'm one of them  
More M&S than S&M  
Two can dine for News at Ten  
Voucher for my requiem  
Now I'm one of them

When did we get so normal?  
I thought that we were immortal  
We started going to Cornwall  
Oh, when did we get so normal?  
When did we get so normal?  
I thought that we were immortal

I thought that we were a Warhol  
Oh, when did we get so normal?

When did we get so normal?  
When did we get so normal?  
When did we get so normal?  
When did we get
