Mechanical World

Spirit

Death falls so heavy on my soul
Death falls so heavy, makes me moan
Somebody tell my father that I died
Somebody tell my mother that I cried

Death falls so heavy on my soul
Death falls so heavy, makes me moan
Somebody tell my father that I died
Somebody tell my mother that I cried

Once in my younger days
Once in my younger days I had a girl to love

Death falls so heavy on my soul
Death falls so heavy, makes me moan
Somebody tell my father that I died
Somebody tell my mother that I cried

Once in my younger days
Once in my younger days I had a girl to love
