

# One and Only Weakness

Sponge Cola

Let's start from the top which  
I vaguely recall was  
that he said, she said, he said kind  
you wanted to meet me  
I wanted to have you  
I wanted to meet you oh so much

Ahhhhh ahhhhh

We met on a weekend  
'twas quite an achievement  
To look you straight into the eyes  
Was desperately hiding  
Thoughts overflowing  
The chink in the armor is open wide

Ahhhhh ahhhhh  
I barely even knew you  
Ahhhhh ahhhhh  
Now there's nothing I can do

You're my one and only weakness  
You have me swimming in the deep end  
I'd be lucky to escape this alive  
You're my one and only weakness  
Far away would be the safest  
I'd be lucky to escape this alive

Ahhhhh ahhhhh  
Ahhhhh ahhhhh

So on with the program  
What followed was nothing  
Short of a hurricane of wants  
But time's of the essence  
So we whisper in silence  
Taking turns hiding and overcome

You're my one and only weakness  
You have me swimming in the deep end  
I'd be lucky to escape this alive  
You're my one and only weakness  
Far away would be the safest  
I'd be lucky to escape this alive

Exchange, exchange, exchange  
The lies we gently seek  
To justify the need  
To appease the burn that makes me weak  
Makes you weak  
Desire's a busy two-way street  
And now I have you  
As you once had me  
Once had me  
Once had me

I'm you're one and only weakness

I just might leave you in the deep end  
You'd be lucky to escape this alive  
I'm you're one and only weakness  
I just might leave you in a big mess  
And you'd be lucky to escape this alive
