

Promises

Sponge Cola

Across the ocean view
I find the truth
That'll say today
This castaway
Has finally come home

Waves share no secrets
Tomorrow's still unknown
So I leave behind
All thoughts unkind
And turn to face the sea

There as she walks along the shore
Timeless evermore
Beyond horizons
Staring at the sun

We are
Unbroken
Unspoken
Promises made divine
Unending
Ascending
Forever is yours and mine

Beauty was meant to be
Her mystery
Standing side by side
This rising tide
Has inspired the soul to speak

Then as she falls across the night
Shadows fill with light
The stars aligning
We choose to be as one

We are
Unbroken
Unspoken
Promises made divine
Unending
Ascending
Forever is yours

We are
Unbroken
Unspoken
Promises made divine
Unending
Ascending
Forever is yours and mine

Forever is yours and mine
Forever is yours and mine
Forever is yours and mine
Forever is yours... and mine
