

## Fed to the Dogs

Sponge

White devil, baptized in the fire  
Devil left upon his own  
Devil's never stopped free fallin'

I know they fed me to the dogs  
I know they hate my flesh n' bones  
These dogs they never rest to take a holiday

Holiday, holiday  
Dead holiday, dead holiday

White devil, white devil, white devil  
King among the ruined  
White devil, king

It's all over but the screwin'  
Cuz I'm the King among the ruined

White devil buried you alive  
Devil you know who you are  
Devil's ate out all your insides

I know you'll live right through the fight

I see the blood drip from your face  
White devil never rest to take a holiday

Holiday, holiday  
This holiday, this holiday

White devil, white devil, white devil  
King among the ruined  
White devil, king among the ruined (repeat x3)

It's all over but the screwin'  
Cuz I'm the King among the ruined

Devil's ate out all your insides  
White devil, king among the ruined (repeat x4)

It's all over but the screwin'  
Cuz I'm the King among the ruined
