

Higher, Pt. 2

Sponge

Let's talk about misinformation
Let's talk and stick to the facts
Let's try not to break concentration
Let's try to stay right on track

Everybody's doing it, liar, liar
You can't walk away, you can't quit
I do it just for kicks, liar, liar
Bigger the trigger, the bigger the prick

If it gets you high (2x)
Let it take you higher
If it drives you wild (2x)
It's your heart's desire

Let's talk about word association
A free assault on your mind
The result, a felonious nation
Subliminal message, subliminal crime

We all ask for it, liar, liar
We're all animals in a dark pit
Deserving what we get, liar, liar
Blood got to flow just to suck on the tit

If it gets you high (2x)
Let it take you higher
If it drives you wild (2x)
It's your heart's desire

Everytime you think about it
Reach inside you, deep inside you
Everytime temptation hits
Reach inside you, deep inside you
I know where you give your kicks
It reach beyond you, far beyond you
Anyway you give your kicks, man
It's all right with me

(2x)
If it gets you high (2x)
Let it take you higher
If it drives you wild (2x)
It's your heart's desire (x1 | x5)
