

# Jump While the House Is on Fire

Sponge

Yes, I was a misfit  
Yeah, I would never known  
Looking back after all these years  
A real anti-social

How should I know  
Didn't everybody live near the fire  
And the ruins down below  
Callin' me, callin' me, callin' me

Gotta jump while the house is on fire  
Watch it burn, watch it burn  
Gotta jump while the house is on fire  
Survive the fall, Survive the fall  
(repeat x2)

The fall

Thought I was a real smart guy  
Yeah, I'd live through the fall  
Livin' on them pins and needles  
Sure feels right at home

How would I know  
Didn't everybody live near the fire

And the ruins down below  
Callin' me, callin' me, callin' me

Gotta jump while the house is on fire  
Watch it burn, watch it burn  
Gotta jump while the house is on fire  
Survive the fall, Survive the fall  
(repeat x2)

The fall

How would I know  
There'd be other things to eat my flesh  
And keep sickening my brain  
Callin' me, callin' me, callin' me

Gotta jump while the house is on fire  
Watch it burn, watch it burn  
Gotta jump while the house is on fire  
Survive the fall, Survive the fall  
(repeat x2)

The fall
