

Wings On My Heart

Spooky Tooth

Think I'm gonna throw away the chains from my heart
Cause lately I've been feeling like I'm free
Think I'm gonna give myself a brand new star
Oh, get back to my roots and be me

I got wings on my heart
I got love in my mind
And I'm gettin' ready for a brand new day
I got wings on my heart
I got love in my mind
And I feel the change that come my way

It's funny how the life can change from darkness to light
It's funny and it's strange how things come
Cause yesterday my hopes were lost in the night
And suddenly I loved the morning sun

I got wings on my heart
I got love in my mind
And I'm gettin' ready for a brand new day
I got wings on my heart
I got love in my mind
And I feel the change that come my way

I got wings on my heart
I got love in my mind
And I'm gettin' ready for a brand new day
I got wings on my heart
I got love in my mind
And I feel the change that come my way

Oh I feel the change that come my way
Oh I feel the change
