```
When the moon is rising and looking on me
When the night comes knocking, knocking on me
I say, I ain't the one
I say, I ain't the one
I ain't the one that you looking for now
```

When the man comes asking and looking for me When the law comes knocking, knocking on me I ain't the one (Ah, ah)

No, I ain't the one
I ain't the one that you're looking for now Yeah, I ain't the one
I ain't the one
So now I'm leaving you all behind me

When the world comes crashing, crumbling on me When the day comes knocking, knocking on me I say, I ain't the one I ain't the one Hey, ha ha Hey, ha ha I ain't the one, I ain't the one So now I'm leaving you all behind me
