

If you leave us for later  
Break off from everyday  
Spend a week in the moment  
Take the train to Marrakesh  
Just when you would change your focus  
We get our own ideas  
Go cut down some things you wouldn't  
Hope you don't end up alone  
Everything you think are we are  
We're come to mesmerize  
Everything you fear we are we will be  
The time is gonna come  
The time is gonna come  
We got our own ideas
