

Mr. Funny Face

Sprung Monkey

Hey mr. funny face I was just wondering
What are you thinking
Hey mr. funny face I was just wondering
What are you feeling
Walking down the street
And everyone is staring at you
Pointing their fingers as you walk on by
And if you stop to speak well they'll
Soon be laughing at you having their fun
Just trying to make you cry mr. funny face
Maybe I'm a shallow man I was just thinking
Maybe I'm a shallow man cause I was just thinking
If I was walking down the street
And everyone was staring at me
Pointing their fingers as I walked on by
And if I stopped to speak and everyone was
Laughing at me I'd probably turn my head, run and hide
But no you don't run, and you don't hide
You just stand proud as you look them in the eye
No you don't run, no you don't cry
You just smile and say hello, and then you turn and
Wave goodbye mr. funny face
Dream the dream it's a good dream yes it seems
Everything you've done to me
Cause I see the way you hold yourself
Amongst the world's adversity
Because there's a tear that leaves me everytime
I see all the things they've done to you
Cause I know how you must feel inside
But I know my heart and I know I tried
No you don't run, no you don't hide
You just stand proud as you look them in the eye
No you don't run, no you don't cry
You just smile and say hello, and then you turn
And wave goodbye mr. funny face
