

O-O-O-Ohio

Chevelle, chevelle, chevelle (chevelle)  
Chevelle, you know me well (know me well)  
Got me gassing you up, taking you out on the town  
Poppin' the trunk, showing you off  
So sexy when your top's down

I just wanna show you off to the whole world  
Make everyone mad especially my ol' girl  
I ain't gassin' when I say you my only girl  
Those new shoes and new coach you betta go girl  
Go girl you know it's yo world  
You so thorough, twerk for me that talk is so real  
Made her steal my super woman foreal  
I spent 4 bills just to make that ass fat  
And put four 12s in it to make that ass clap  
Now you boomin' yea you boomin' how I like it  
You stay clean with that bubblegum light scent  
Dark tent our alone time is well spent  
Whip the city cruising on the road trips  
You my ride or die my down ass chick  
My first crush my first love since a little ass kid  
I hung posters of you hoping one day that I get  
A chance to show you how deep this love for you is

She's so systematic, she's so Afrocentric  
She's so black and strong, she's so wide and long  
She won't never let me get lost she loves to take control  
But yeah she know who's the boss, and she love when I floss  
Round the city top down flashing them all  
Big blunts burning smoke flowing like an exhaust  
Engine purring cat wet feel the bass and like that  
I fishtail she throw it right back she love when I get under her  
Grip the wheel and talk to her, her skin so soft and comfortable  
She do whatever I want her to, the whole city in love with her  
Kids huddle around her pointing at her curves  
Tellin' me I can't wait to get older and find a girl like yours  
They wanna sit inside and listen to all her words  
Her volume loud I bet your father smiling down on us  
The first time I took you out we sat by the curve  
Conversing all night long listening to Laverne

Chevelle, chevelle, chevelle chevelle  
Chevelle, you know me well (you know me well)  
Girl you know me well, girl you know me well (Oooh)
