

## Madden 96

Stalley

Life's golden I be rolling up expensive shit  
Everybody always talking what they finna get  
Shit I'm getting rich with niggas I been sinning with  
Same niggas I was with playing Genesis  
Madden 96, '96 Impalas  
Street scholars, sold dope through college  
We was trying to stack dollars f\*ck through the knowledge  
Word to mamas, ran the streets like Rottweilers

Hard headed with car fetish  
We'll toss a nigga for raw lettuce  
Trying to see a thousand islands  
Passport crazy mileage  
Cigarette boats on the Cayman Islands  
Bad Malaysian eating Cajun (?)  
Bumping Sizzla at crazy volumes  
Ride, cry, Mai-tai, (?)  
Smoke until my eyes Chinese  
Pepper pot Guyanese  
Everything exquisite to the 95 Nikes  
Put it all on periscope for live feed  
I see the maturation of a king  
Rolex match the ring  
That's player shit  
Tom Ford aviators raising shit  
Saint Laurents latest shit  
I'm draped in it  
Up a mill and a half  
Yah I made a bit

Life's golden I be rolling up expensive shit  
Everybody always talking what they finna get  
Shit I'm getting rich with niggas I been sinning with  
Same niggas I was with playing Genesis

Madden 96, '96 Impalas

Word to mamas, ran the streets like Rottweilers

Lost fathers of prison systems we been a victim  
Mama evicted, we been restricted to product pitchin'  
Products of our environments, that's how the projects got us  
Pyrex vision we rock solid  
Killing our own people to rock diamonds  
Real tyrants on skinny tires  
Drug suppliers turned rap rhymers  
Taught the country in Path Finders, God guide us  
Its hard to get a grip with arthritis  
Diamonds dripping like bad sinus  
Money up, money down that's a plus minus  
Some will smile, some will frown depending on how they find us  
Some will love you, most will hate you, that's how they designed us

Life's golden I be rolling up expensive shit  
Everybody always talking what they finna get  
Shit I'm getting rich with niggas I been sinning with
