

My Line

Stalley

Don't call my phone you ain't talkin' about nothing
Don't interrupt my conversation
We ain't got nothing to talk about unless you callin' to talk about some paper
Want them racks in the rubberbands
I'm trying to ball just like Jordan in Concords
So I'm calling that bullshit
'Cause anything else, ain't got time for

Hoe get off my line
Niggas ain't talking about nothing (talking bout nothing)
Get off my line
Bitches ain't talking about nothing (talking bout nothing)
Hoe get off my line
Niggas ain't talking about nothin'
You ain't talk about nothin'
Bitches ain't talkin' about nothin'
Niggas ain't talkin' about nothin'

Cell phone jumping (ring)
Everybody and their momma on me
I been up counting money since about five in the morning
No time for interruptions
Fill the goyard with the hundreds
Silencers on the MAC
All my youngins down to punch shit
My Saint Laurent slim fit
My jewels as wet as water
My car look like a spaceship
Getting this money ain't a problem
The problem is all these lying kids, wanna talk like they got it
Don't call, text, or email, or hit my line private

Don't call my phone you ain't talkin' about nothing
Don't interrupt my conversation
We ain't got nothing to talk about unless you calling to talk about some paper
Want them racks in the rubberbands
