Which car I'ma drive today
Either the cut dog or the Chevrolet
I got all these options like I'm at a buffet
No matter the cost I gotta get paid

'87 Cutlass with the buckets
Gold rings with the nuggets
Got a budget for these Bustas
All these women love us
But we thuggin' so it's fuck 'em
Hit the gas and burn the rubber
Nigga fresh straight off the cover
In the corner with my cutter
My custom auto, Rodger Mayweather
I stack dough, pockets stay Cheddar
Paint stay candy seats stay leather
That's a special cloth alert
Drop top 'Vette without the shirt
I'm on one, that's without the percs
I'm the man yeah and that's with all the perks
3 big bodies call 'em all levert
Trunk full of bass moving all the work
Slow motion like my cup is full syrup
Wrist glow brought a Rollie off the merch
My right hand got a Uzi in the vert
And he bumping Lil Uzi Vert
We mobbing like we was on search
Hit the stage get 20 every purse

The world mine like Tony
GTO or the monte
Eenie meenie miney mo
Pick one eye's closed
Get so many to chose from
Just depend on the mood
Car hue match the shoes
Sunlight flash the jewels
Which girl I'ma call today
Dropped off Veronica, pick up Renée
Make a few plays then bend to bank
Spending them Jacksons but stacking Benjamin Frank's
Make a million feel like minimum wage
My first hooptie had me grinning for days
Now every whip paper plates
All my shoes bathing apes
Roll one smoke, elevate
They cut they eyes, hella hate

Don't mind 'cause I'm getting paid
Alpine sound like parade
These whips call 'em my slaves
Except dey all white cocaine
That's how I reverse the pain
Feel at ease, gripping grin
No more problems, only problem
Racking my brain
What I'ma drive today
Either the Cutty or the Chevrolet

Oh, rev it up, Chevviied up
Leather cuts, hop in the car
What's the fuck's in the trunk

Oh, rev it up, Chevviied up
