

# Playa Way

Stalley

Wood on my Cartiers  
Wood grain when I stares  
LeBron twelves on the wood  
Watch the Cavaliers  
They say, there's levels to this game  
Well I'm at its highest tier  
Everything is rare  
Down to the P's on my feet  
Diamonds in my seats  
Got diamonds on repeat  
Got the baddest girl you've ever seen  
Riding next to me  
Dimes by the fleet  
That's the playa's way  
Hate the word fleek  
That ain't the playas lang  
Never knock another man's hustle  
I let them playas play  
Live my life on the edge  
[?] my life the safe way  
Money in my pockets, on the floor  
Never kept a safe  
Love my '87 Carlo  
You can have that Wraith  
Real niggas got your back  
These sucka niggas had your tape  
We just trying to stack that pay  
They say they seen me riding on chrome  
That was yesterday  
Today I'm cooling out on Vogues  
Just like them playas play  
My niggas getting it by the bulk  
Whatchu weigh today?

Diamonds in my watch, diamonds in my chian  
Diamonds in my rings, diamonds in my frames  
That's just the playa way  
The playa way

Diamonds in my watch, diamonds in my chian  
Diamonds in my rings, diamonds in my frames  
That's just the playa way  
The playa way

Expecting macking  
I'm maxing letting my mild burn  
Was off balance, tilted axis  
But we live and learn  
I'm back straight and relaxed  
Just like pimping's [?]  
What have I lost?  
Charge it to the game  
That's pimping terms  
Don't want nothing I ain't worked for  
Just what a playa earned  
Naw I'm lying, I want it all plus the extras  
From mansions to Rolexes

Supermodels on the texts  
Strippers out in Texas on my facetime  
.38 on my waistline, cause pigs love to hate crime  
Playa haters out to take mine  
I'm living for my niggas on that state line  
The ones who kept me grinding  
And told me never ever waste time  
Your house they'll surround it you try and take me out mine  
That's loyalty outline  
Some behind bars sacrificing their lifetime  
So everybody else shine  
Its foolish and selfless at the same time  
But they wouldn't have it no other way  
When living the playas way

Diamonds in my watch, diamonds in my chian  
Diamonds in my rings, diamonds in my frames  
That's just the playa way  
The playa way

Diamonds in my watch, diamonds in my chian  
Diamonds in my rings, diamonds in my frames  
That's just the playa way  
The playa way

Diamonds in my watch, diamonds in my chian  
Diamonds in my rings, diamonds in my frames  
That's just the playa way  
The playa way
