

# Total Surrender

Stan Bush

Do You Remember When We Were Young  
That Summer Night Had Just Begun  
At Seventeen We Were Caught In A Fire  
Right Between Youth And Desire  
I Saw The Wildness In Your Eyes

No Holding Back, No Compromise  
There In The Back Seat Of My Car  
With Only The Sound Of Our Beatin' Hearts  
We Lost Control, Yeah We Went Too Far

We Felt The Thunder, We Both knew A Storm Was Gonna Start  
Total Surrender Of The Heart

Total Surrender  
There Was No Turnin' Back That Night  
There Was No Wrong Or Right  
Total Surrender In The Dark

We Lost Our Innocence That Night  
But We Held On Until The Light  
Venturing Out In The Seas Unknown  
We Gave In To Our Own Free Will  
Couldn't Stop We Were On Our Own

And Just For A Moment Time Stood Still  
Now I Dream About Your Touch  
We Found New Worlds, Yeah We Found So Much

What I Wouldn't Give To Hold You In My Arms Again  
All Of My Life, Girl You're The Best There's Ever Been  
Ooh

Total Surrender In The Dark  
There Was No Turnin' Back That Night  
Total Surrender Of The Heart  
There Was No Wrong Or Right

Total Surrender In The Dark  
Total Surrender  
Total Surrender In The Dark  
There Was No Turnin' Back That Night  
There Was No Turnin' Back That Night

No Wrong Or Right  
Total Surrender Of The Heart

Total Surrender In The Dark  
No Turnin' Back That Night  
Total Surrender Of The Heart  
There Was No Wrong Or Right  
Total Surrender
