Total Surrender

Stan Bush

Do You Remember When We Were Young That Summer Night Had Just Begun At Seventeen We Were Caugh In A Fire Right Between Youth And Desire I Saw The Wildness In Your Eyes

No Holding Back, No Compromise There In The Back Seat Of My Car With Only The Sound Of Our Beatin' Hearts We Lost Control, Yeah We Went Too Far

We Felt The Thunder, We Both knew A Storm Was Gonna Start Total Surrender Of The Heart

Total Surrender There Was No Turnin' Back That Night There Was No Wrong Or Right Total Surrender In The Dark

We Lost Our Innocence That Night But We Held On Until The Light Venturing Out In The Seas Unknown We Gave In To Our Own Free Will Couldn't Stop We Were On Our Own

And Just For A Moment Time Stood Still Now I Dream About Your Touch We Found New Worlds, YeaH We Found So Much

What I Wouldn't Give To Hold You In My Arms Again All Of My Life, Girl You're The Best There's Ever Been Ooh

Total Surrender In The Dark There Was No Turnin' Back That Night Total Surrender Of The Heart There Was No Wrong Or Right

Total Surrender In The Dark Total Surrender Total Surrender In The Dark There Was No Turnin' Back That Night There Was No Turnin' Back That Night

No Wrong Or Right Total Surrender Of The Heart

Total Surrender In The Dark No Turnin' Back That Night Total Surrender Of The Heart There Was No Wrong Or Right Total Surrender
