

# Snaketrain

Stan Ridgway

Comin' into Southbend, headed towards the graveyard shift  
Blockin' off the fallen fences there with my hardware grip  
Watchin' out and waitin' for a signal seen  
That could level out the quiet side

And if you say you're lonely  
I'm the one you'll find there on the side  
Your one and only  
And you will know when this deed has died

I was chasin' a ghost--pale and white  
And hard to see  
The boys in blue from peculiar school  
Are hangin' out in the dark and they're lookin' for me

And if you say you're lonely  
I'm the one you'll find there on the run  
Your one and only  
And you will know when this deed is done

Somebody is walkin' away  
While everybody's ridin' on the snaketrain  
Somebody is walkin' away  
While everybody's ridin' on the snaketrain  
Snaketrain

Remember how the wind would blow  
And how warm the sun would feel

If you say you were lonely  
And you can't decide what's fair is fair  
You're dreaming only  
And I will try and catch you there

Somebody is walkin' away  
While everybody's ridin' on the snaketrain  
Somebody is walkin' away  
While everybody's ridin' on the snaketrain  
Snaketrain

Somebody is walkin' away  
While everybody's ridin' on the snaketrain  
Somebody is walkin' away  
While everybody's ridin' on the snaketrain  
Snaketrain
