

# Time Inside

Stan Ridgway

Time is lifeless  
Time is here  
Time is frozen  
And it seems like years  
Time is rolling  
Time is wrong  
No one knowing  
Why it takes so long  
But then you gotta roll aside  
Nobody will help you  
To decide  
What time will be made of  
You will ride  
Whatever you make of  
Time inside  
Time will kill you  
Time will heal  
Time will make you  
Give away or steal  
Time won't ask and  
Time won't talk  
Time will wash away  
The sidewalk chalk  
But then you gotta roll aside  
Nobody will help you  
To decide  
What time will be made of  
You will ride  
Whatever you make of  
Time...  
Time...  
Time won't lay down  
Won't behave  
Time will wear out  
Like a road you pave  
We are motion  
We are mind  
We are oceans  
Winding round through time  
But then you gotta roll aside  
Nobody will help you  
To decide  
What time will be made of  
You will ride  
Whatever you make of  
Time...  
Time...
