

Bulletproof

Stan Walker

It's been a while
I'm back again
I'm stronger now
I'm not afraid
To say that I was so wrong wrong yeah yeah
You shut me out
Won't let me in
We both don't know
Where to begin
I took a shot
But your shooting me down down down

Oooooooooooooooooooooo
Yeah let me hear you say
Oooooooooooooooooooooo
Can you hear me crying now?
Oooooooooooooooooooooo
If only I can get through to you
There's something I wanna say to you
Yeah Oooooooooooooooooooooo
And I just can't get through to you
It's like your heart is bullet proof
Bullet Proof

Hey what you say it's gonna take now
Hey what you say it's gonna take now

I know this game
What you tryna do
You playing me
Like I'm the fool
But don't you know
You're starting this fire
Yeah yeah yeah
You know it hurts
Where've been burnt before
Had the devil come
Knockn at my door
The day has come
For us to win this fire

Oooooooooooooooooooooo
Listen to me say
Oooooooooooooooooooooo
Can you hear crying now?
Oooooooooooooooooooooo
If only I could get through to you
There's something I wanna say to you
Yeah Oooooooooooooooooooooo
And I just can't get through to you
It's like your heart is just bullet proof
Bullet proof
Hey what you say it's gonna take now
Hey what you say it's gonna take now
Hey what you say it's gonna take now

Oooooooooooooooooooooo

Can you hear me crying now?
Ooooooooooooooooooooooooooooo
Ooooooooooooooooooooooooooooo
If only I could get through to you
There's something I wanna say to you
Ooooooooooooooooooooooooooooo
And I just can't get through to you
It's like your heart is just bullet proof
Bullet proof

Hey what you say it's gonna take now
Hey what you say it's gonna take now
Hey what you say it's gonna take now

What's it gonna take
