

## Choose

Stan Walker

I say forever  
You told me never  
We'd be together  
You run away from me  
No matter the weather  
I'll be your shelter  
Life would be better  
If you just stay with me

I can't just give in  
My heart, yes it's hidden  
I'm still forgiving  
So I run away from you  
But please don't stop chasing  
Boy, just be patient  
Your time won't be wasted  
If you just stay with me

You push (I hide) away (my heart) my love  
Over and over  
I tried (you tried) to make (but I) you stay  
Can't get no closer  
I won't (you won't) give up (give up) on us  
So can we just give it a try?  
I know it won't be easy

But you choose  
It's up to you  
What we gonna do  
Got nothing to lose  
Choose  
It's up to you  
What we gonna do  
You and me  
We got nothing to lose

Been almost forever  
I said that never  
Do you remember  
You said you'll wait for me  
I said I'd love you, no lie  
I knew you'd let me in time  
It's good to pass no deadline  
I'll always wait for you

You push (I hide) away (my heart) my love  
Over and over  
I try (you try) to make (but I) you stay  
Can't get no closer  
I won't (you won't) give up (give up) on us  
So can we just give it a try?  
I know it won't be easy

But you choose  
It's up to you  
What we gonna do  
Got nothing to lose

Choose (choose)  
It's up to you (it's up to you)  
What we gonna do  
You and me  
We got nothing to lose  
It's up to  
What we gonna do  
Got nothing to lose  
Choose (choose)  
It's up to you (you)  
What we gonna do  
You and me  
We got nothing to lose

I say forever  
I'll leave you never  
Life is much better  
Just stay with me
