

My Attention

Stan Walker

Everything you say
Thinking that it fades away
And from the look in your eyes
You think I'm wasting your time
Like I'm running some game
Nobody has to stay
But I ain't gonna go away
Can't you see that I'm trying
You gotta let me inside
'Cause I'm here to stay

All the little things why I love ya, love ya
I'll do everything that'll make you feel alright, yeah
'Cause all I really want is to touch ya, hold ya
You should let me love you

All you want is somebody there to hold
All you need is a heart to call your own
Well, I won't stop caring and I won't stop trying
'Cause I just can't let you go
'Cause all I want is to give you all my love
And my attention, attention

No, you're not to blame
For the way that you see things
You've been hurt many times
So you're hiding your smile
When people look at your face
You know I'm here to stay
I'll be beside you every day
'Cause I know deep down inside
That you got nothing to hide
And that's the same with me

All the little things why I love ya, love ya
I'll do everything that'll make you feel alright, yeah
'Cause all I really want is to touch ya, hold ya
You should let me love you

All you want is somebody there to hold
All you need is a heart to call your own
Well, I won't stop caring and I won't stop trying
'Cause I just can't let you go
'Cause all I want is to give you all my love
And my attention

You don't have to be black and white
Let your colours shine bright
And I won't stop caring and I won't stop trying
'Cause I just can't let you go
All I really want is to give you all you need

All you want
All you need
And I won't stop caring and I won't stop trying
'Cause I just can't let you go
All I really want is, yeah

All you want is somebody there to hold
All you need is a heart to call your own
And I won't stop caring and I won't stop trying
'Cause I just can't let you go
'Cause all I want is to give you all my love
And my attention, yeah
My attention
