

# On Our Way

Stan Walker

When the voice inside you  
Is saying it can't go on  
And everything around you  
Seems like it's all going wrong  
And it feels like all hope is lost  
You see it slipping away  
It's time to face up to all your fears  
Rise up and seize the day

We won't run, we won't hide  
We will free our hearts, we will free our minds  
We won't run, we will fight  
To free our hearts and to free our minds  
Oh, whoa, oh, oh (Ah, ah, we're on our way)  
Oh, whoa, oh, oh (Ah, ah, we're on our way)

It doesn't matter where you're from  
Doesn't matter where you've been  
Cause all the colors are one  
And every one a friend  
I've come so far to be with you  
And now we're here to stay  
Facing up to all our fears  
To rise up and seize the day

We won't run, we won't hide  
We will free our hearts, we will free our minds  
We won't run, we will fight  
To free our hearts and to free our minds  
Oh, whoa, oh, oh (Ah, ah, we're on our way)  
Oh, whoa, oh, oh (Ah, ah, we're on our way)

(Ah, ah, we're on our way) Ooh, ooh, ooh  
(Ah, ah, we're on our way) We're on our way  
(Ah, ah, we're on our way) Hey, yeah  
(Ah, ah, we're on our way) Yeah

We won't run, we won't hide  
We will free our hearts, we will free our minds  
We won't run, we will fight (We won't run)  
To free our hearts and to free our minds (Minds)  
Oh, whoa, oh, oh (Ah, ah, we're on our way) (Won't run, we won't run)  
Oh, whoa, oh, oh (Ah, ah, we're on our way) (Yeah, yeah, yeah)

We won't run and hide  
We will stand and fight  
We're on our way  
We won't run and hide  
We will stand and fight  
We're on our way

Hear the voice inside you  
It's saying you can go on  
And everything around you  
Is starting to move on
