

# Slow Down

Stan Walker

You're a keeper, I'm a keeper, you can stay here with me  
Maybe a believer or is this another dream  
Waiting for a call up, I don't wanna wake up  
We gonna get caught up, I just gotta stay up

Am I moving a little too fast  
Am I moving a little too fast

I gotta slow down  
I keep running ahead  
I gotta slow down  
I keep running ahead

Oh na na na  
Woah na na na  
I gotta slow down  
I keep running ahead

I'm getting ready for you if you're feeling me  
But I don't wanna make you do anything  
I got to be patient  
But that's not a gift of mine

And you say cool down a place for me little darling  
Got everything you need when you want it  
Got me waiting for a green light  
I already know what you like  
Contemplating but I just might come through  
And if I do I'll spend a night or two  
But it feels like I'm running ahead

I keep running ahead  
I gotta slow down  
I keep running ahead

Oh na na na  
Woah na na na

Oh na na na  
Woah na na na

Oh na na na  
Woah na na na

Oh na na na  
Woah na na na  
I keep running ahead

Whooo...
