

Song In My Head

Stan Walker

If you could see what I see when I look at you
If you could hear what I hear when I listen too
The sound of your voice is a miracle, you're beautiful
When I hear your heartbeat, all I wanna do
Is to lie here awake right next to you
Cos this feeling you're giving me, I'm listening

[Chorus]

Cos you put a song in my head
And it makes me feel like dancing
You put a song in my head
And it sounds like love tonight
When you smile, it's just like melody
And it lifts me up like a symphony
You put a song in my head, head, yeah
And it sounds like love tonight

Hey, hey
And it sounds like love tonight
Hey, hey

Ooh, want you to know that everything I need
Is standing right next to me cos, girl, I want you to know
You and me together is a moment I just wanna keep on repeat
Ooh, now this feeling you're giving, I'm listening

[Chorus]

Cos you put a song in my head
And it makes me feel like dancing
You put a song in my head
And it sounds like love tonight (Ooh)
When you smile, it's just like melody
And it lifts me up like a symphony
You put a song in my head, head, yeah (Woo!)
And it sounds like love tonight

Cos, girl, I believe you're the perfect harmony, yeah, yeah
And when I sing, you're the words inside of me, hey
Be my everything, just like a fantasy never ends
I wanna hear it again, yeah

[Chorus]

Cos you put a song in my head (Yeah, yeah, yeah)
And it makes me feel like dancing (Woo!)
You put a song in my head
And it sounds like love tonight (Ooh)
When you smile, it's just like melody
And it lifts me up like a symphony (Lifts me up)
You put a song in my head, head, yeah
And it sounds like love tonight

Hey, hey
And it sounds like love tonight
