

## Glory Is Rising

Starfield

You're the wonder and the mystery  
You're the melody that must be sung  
We rejoice with all those who believe  
You're the song that was and is to come

Glory is rising  
Yeah glory is rising  
Beautiful beautiful the sound  
Of redemption's song  
Moving through the crowd  
Singing great is our god  
Your children crying out  
Beautiful beautiful the sound

From the earth our voices will ascend  
As an offering to you alone  
May our praises echo without end  
Join the angel choir around the throne

Glory is rising  
Yeah glory is rising  
Beautiful beautiful the sound  
Of redemption's song  
Moving through the crowd  
Singing great is our god  
Your children crying out  
Beautiful beautiful the sound

Beautiful beautiful the sound  
Of redemption's song  
Moving through the crowd  
Singing great is our god  
Your children crying out  
Beautiful beautiful the sound  
Beautiful the sound
