

## Speak Now Jesus

Starfield

Say the words and I will listen  
Show Your way, impart Your wisdom  
open up my ears to hear, open up my ears to hear

Speak now Jesus, speak into my heart  
I am desperate to hear Your still small voice  
I need to hear Your voice

The noise of life is overwhelming  
Drowning out the truth that I need  
Open up my ears to hear, open up my ears to hear

Speak now Jesus, speak into my heart  
I am desperate to hear Your still small voice  
I need to hear Your voice  
Lead me Jesus, I need direction  
I am so lost, without You guiding me.  
I need to know Your peace.

When you speak I'll listen  
Where you lead I'll go

Speak now Jesus, speak into my heart  
I am desperate to hear Your still small voice  
I need to hear Your voice  
Lead me Jesus, I need direction  
I am so lost, without You guiding me.  
I need to know Your peace.
