

Top Of My Lungs

Starfield

Don't let your mind deny what your heart believes
Leave your inhibitions let your soul be free
This is why you were created it's your destiny
It's alright it's alright it's alright

Who the son sets free yeah they are free indeed
So let go with me come on and sing what you believe

We're gonna shout his praise at the top of our lungs
We're gonna dance for the glory of the risen son
We're not ashamed not ashamed of the one we love
We're gonna shout his praise at the top of our lungs

This is the praise of a people that have been redeemed
This is the joy of the lord and the sound of the free
This is why we were created it's our destiny
It's alright it's alright it's alright

Who the son sets free yeah they are free indeed
So let go with me come on and sing what you believe

We're gonna shout his praise at the top of our lungs
We're gonna dance for the glory of the risen son
We're not ashamed not ashamed of the one we love
We're gonna shout his praise at the top of our lungs [x3]
