

Card Games & Old Friends

Starflyer 59

Say goodbye
It's no life
We never realized
Where we've been
Sad ends
We never realized

Card games and old friends
Always no sad ends
Card games and old friends
You mess it up

No surprise
Different lives
Express the world on time
Sad ends
To bad ends
We never realized

Card games and old friends
Always no sad ends
Card games and old friends
You mess it up
