

## No More Shows

Starflyer 59

When there's no heart  
Yeah, I wanna live again  
Can't delay it no, no more  
No youve got no heart

I try to sleep but I think a lot  
I'm driving streets that just never stop  
When you know there's gonna be  
When you know there's gonna be no more shows

When there's no goals  
Yeah, I wanna live again  
Can't delay it no, no more  
No you've got no soul

I try to sleep but I think a lot  
I'm driving streets that just never stop  
When you know there's gonna be  
When you know there's gonna be no more shows

I try to sleep but I think a lot  
I'm driving streets that just never stop  
When you know there's gonna be  
When you know there's gonna be no more shows
