

## Play The C Chord

Starflyer 59

These friends of mine  
Fill in the lines  
To put in the songs you like  
To fill up your time  
These friends of mine  
Who write the lines  
And put out the songs you like  
In half the time

Somethings wrong if its the old news  
Just play the C chord like its something  
Somethings wrong if its the old news  
Just play the C chord like its something new
