

## Probation

Starlito

I sip that drink 'cause it taste good  
I fucked that bitch 'cause she look good  
In your city throwin' up my hood  
They like he goin' crazy  
She tryna get with me now  
But I'm like no baby  
She can't get the dick right now  
Shawty on probation  
She on my social sites, I had to turn off my location  
She tell me she wanna play doctor but I ain't got no patience  
Took the keys to the whip, had to put her on probation  
No reply when she be texting me, that bitch on probation

Probably pay for you school 'fore I buy you a bag  
I'm grinding, I'm gettin' it, ho why is you mad?  
Why won't you stay by my side like my strap?  
Keep it real like my mom, I might buy you a Jag  
Lito and MoneyBagg, it's a whole lot of hundreds stacked  
I know my old bitch sad  
Cause I just drove right past in somethin' real fast  
Two twenty-five on the dash  
Grind like I'm down to my last  
I was just tryna get the cash  
You was tryna wine and dine, bubble bath  
I was tryna turn a nine to an L  
I want this shit back  
Naw I don't lie in my raps  
All you gon' find is the facts  
Last time I signed it was eleven twenty-nine for a pack  
Consignment a dick (goddamn)  
Right back on probation  
Like I did your old lady  
Lito, I'm realer  
Plus I'm a dealer, that's why I just poke her face  
Damn that ho crazy  
Now that bitch so crazy  
Still trappin' with open cases  
I just bought me a four of that Actavis  
For like five hundred, actually four eighty

I sip that drink 'cause it taste good  
I fucked that bitch 'cause she look good  
In your city throwin' up my hood  
They like he goin' crazy  
She tryna get with me now  
But I'm like no baby  
She can't get the dick right now  
Shawty on probation

I was fuckin' with this stupid lil broad  
Didn't know how to play her part  
Just fuckin' but she got her feelings involved  
Put her on probation like she caught her first charge

Bagg and Starlito, you know we grind hard  
You know we don't chase 'em  
I gave that bitch some dope dick from the back  
Had that ass rotatin'  
Then I told her I'm straight, I'm good  
Me and you a dead situation  
We can't fuck a whole conversation  
I just put your ass on probation

I sip that drink 'cause it taste good  
I fucked that bitch 'cause she look good  
In your city throwin' up my hood  
They like he goin' crazy  
She tryna get with me now  
But I'm like no baby
