

Sometimes

Starlito

Greedy Money

I fuck with her sometimes, yeah
I'm gone 'fore the sun rise
I fuck with my shoes on, they don't get untied
I fuck with her sometimes, sometimes, hah

I only fuck with her sometimes
She know I'm there when it's crunch time
I'm in and out before sunrise
I ain't lay up in a layup line
I only fuck with her sometimes
I only fuck with her sometimes
I only fuck with her sometimes, hah (sometimes, sometimes)

I just came up from staying down
Tryna stay up, yeah I like the way that sound
I fell in love, yeah with weighing pounds
I got a plug, I ain't playing house
Sign for this cot, you can make a thousand
Can I use your spot when we break it down?
Once I get it off, I'ma fly you out
And we can go fuck it up out of town (with nobody 'round)
Secret lovers, we just meet up every week to see what we can teach each other
We don't sleep or nothing
Freakin', fucking up sheets and covers
Competing, see who can keep it up
Only thing we really need is trust
These days I'm always in a rush
I just call when I'm pulling up (I'm outside)

I only fuck with her sometimes
I only fuck with her sometimes
I only fuck with her sometimes, hah (sometimes, sometimes)
I only fuck with her sometimes
She know I'm there when it's crunch time
I'm in and out before sunrise
I ain't lay up in a layup line

Fuck her and dip, ain't got time for no breakfast
Yeah I'm grinding excessive
Get in her feelings when I don't reply to her message
Baby why would you stress me?
I know you down for me now, what if I got arrested?
When I dial, you collect it
Can't even lie, no I didn't expect it
Don't know how to express it
Fucking with you, all started back when I liked a couple pictures
Don't know how to trust, that's another issue
Don't cuddle but I keep a cutter with me
Look I'm on probation so tuck my pistol
Bring one of your buddies and fuck her with me
I got an old lady, and she kinda crazy
So baby let's keep this confidential

I only fuck with her sometimes
She know I'm there when it's crunch time

I'm in and out before sunrise
I ain't lay up in a layup line
I only fuck with her sometimes
I only fuck with her sometimes
I only fuck with her sometimes, hah (sometimes, sometimes)

Tripping, tripping
Ayy take that shit down off your page man, what you doin'?
Tripping

If you can guarantee my privacy, then I promise I'ma keep it honest with you
Don't be bothered by shit in my comments
I got hoes jocking, stalking, photoshopping pics
Why you insecure? it ain't no competition
Yeah she say I fucked her but I probably didn't
Okay I might have got some top, that's it
Told you I ain't gotta lie to kick it
I don't even call her when I'm in her city
Had to block her 'cause she sent too many pictures
I ain't dealing with you 'less it's beneficial
Got too many issues, can't pretend to miss you

I only fuck with her sometimes
I only fuck with her sometimes
I only fuck with her sometimes, hah (sometimes, sometimes)
I only fuck with her sometimes
She know I'm there when it's crunch time
I'm in and out before sunrise
I ain't lay up in a layup line

I mean it was like an aura went over my head, you know?
I said here's a guy that's got his act together
Here's somebody who's got it all figured out
Here's somebody who has the answer
I'll follow you anywhere
