

# Still Thuggin

Starlito

I'm still thuggin shit so fucked up it's to the point that I don't feel nothing

Don't know what day it is all I know is the bills coming  
Ain't got no time to waste I'm tryna get this real money  
And I know niggas that'll kill for me  
If they won't die for me then I think they will steal from me  
No matter where I be I see police I feel funny  
Been round the globe and one thing I know for show the real of them

A living legend not being signed don't depress me  
I take pride in being real in fact my city respect me  
It ain't the diamond necklace or the Rolex's  
The Vill love me so in normal clothes I feel like I'm flexing  
I talk slick enough to get the baddest bitches naked  
I hustle harder cause being broke does affect me  
Don't let no vice text me I know they want me arrested  
I switch phones daily I know them folks tryna get me  
I move so unexpected come to friends I'm so selective  
Some n\*ggas ain't thuggin y'all niggas grown detectives  
I rep Cashville in the way they won't regret me  
Introversion like Lito so please forgive me

I'm still thuggin shit so fucked up it's to the point that I don't feel nothing

Don't know what day it is all I know is the bills coming  
Ain't got no time to waste I'm tryna get this real money  
And I know niggas that'll kill for me  
If they won't die for me then I think they will steal from me  
No matter where I be I see police I feel funny  
Been round the globe and one thing I know for show the real of them

I built this city with bricks boy  
From the bottom nigga I'm the architect  
Gave half of these niggas 4 and a half ounces though and didn't charge them shit  
Some niggas don't fuck with me and it's obvious I don't give a fuck  
Broke bitches try to talk to me but I'm too busy tryna get it up  
Is that real I'm getting paid still  
Selling pills like advils and I don't give a fuck how niggas feel  
Bitch I am Cashville  
Selling cane on trinity lane  
Pimpin hoes on Dickinson road  
And I'm standing on buck candy y'all know how this shit goes

I'm still thuggin shit so fucked up it's to the point that I don't feel nothing

Don't know what day it is all I know is the bills coming  
Ain't got no time to waste I'm tryna get this real money  
And I know niggas that'll kill for me  
If they won't die for me then I think they will steal from me  
No matter where I be I see police I feel funny  
Been round the globe and one thing I know for show the real of them

The police gunning us down like it's target practice  
I swear this shit is sad and these young niggas trigger happy  
I ain't make it to graduation been too busy getting active  
Can't say I really blame them cause that could be a lesson

Everybody want to be a rapper everybody holla free the trappers  
They throw the book at you before you can read a chapter  
They ask why I'm introverted I think the weed a factor  
Plus my life ain't entertainment and I can't compete with actors  
Labeled some greedy bastards I'm thuggin it independent  
This intermediation no middle man in my business  
In Cashville I've been official  
No rap's getting beneficial  
Stacking them rack and giving back cause I been there with you  
They say I'm giving hope to the hopeless  
Living broke got me focused  
In the studio like in kitchen I'm whipping up cooking O's  
Cool let it congeal watch it all come together  
Hard work pays off I'm trying to ball forever  
Bought a car off the extras said it's all in the wrist  
Young niggas always at risk never thought of calling it quits  
Still get followed and shit  
Them people all in my mix and the car with a stick  
I almost forgot I bought it legit  
A street influence school of hard knock be the genius student  
You know I keep the toolset  
When you see me keep it moving  
Bands like tears you advanced I don't need it foo  
I just took a chance at one plant

I'm still thuggin shit so fucked up it's to the point that I don't feel nothing  
Don't know what day it is all I know is the bills coming  
Ain't got no time to waste I'm tryna get this real money  
And I know niggas that'll kill for me  
If they won't die for me then I think they will steal from me  
No matter where I be I see police I feel funny  
Been round the globe and one thing I know for show the real of them
