

Talk To Me

Starlito

Everybody got something to say...

Lito

Talk to me don't talk about me
(Talk to me don't talk about me)
Wish I knew what you thought about me
If I wasn't up, you would ball without me
Talk to me don't talk about me
(Talk to me don't talk about me)
Wish I knew what you thought about me
If I wasn't up, you would ball without me

Every since a nigga got cash
Niggas talk more than a podcast
How y'all get so opinionated
Same ones pretending to fake it
Found out my own friends was hatin
I just blame it on Benjamin Franklin
The chances Imma continue taking
Can't decide if Imma spend or save it
Too throwed, I want too much smoke
Same reason I can't run for mayor
Caught me slipping with two Sigs
Charged me with intent that crazy
I ain't ask to help bond me ou
Helped paid my lawyer to go against a statement
Run it hot and them relocate
Buy it cash and then renovate
Had to reinvent myself (Lito)
I would say that's innovative (Lito)
Made at least a couple hundred grand
Last ten years and I ain't been on a label
'Cept the one I own
At lease twenty shots in every gun I own
Damn my nig, you done burned a bridge
Whole time you could've rung my phone

Talk to me don't talk about me
(Talk to me don't talk about me)
Wish I knew what you thought about me
If I wasn't up, you would ball without me
Talk to me don't talk about me
(Talk to me don't talk about me)
Wish I knew what you thought about me
If I wasn't up, you would ball without me

Talk to me don't talk about me
(Talk to me don't talk about me)
Wish I knew what you thought about me
If I wasn't up, you would ball without me
Talk to me don't talk about me
(Talk to me don't talk about me)
Wish I knew what you thought about me
If I wasn't up, you would ball without me (Fuck it, Lito)

Niggas the from a safe distance
Knowing I ain't gone play with em

See me out and won't say shit
Then wanna take pictures, straight bitches
Fake smoke like the hemp store
Fuck around and get sent for
Get it cheaper cause I spend more
Keep it real I'm your mentor
A lot of y'all got my blueprint
Lace it up if the shoe fit
Difference is you won't shoot shit
Probably with ya bitch eating Ruth Chris
I don't talk to niggas unless we talking numbers
Ole police ass take my lawyer number
Put the pressure on ya, you gone press charges
Got the 30 on me like the royal rumble
I've been balling going on like 20 summers
It's the same you when I was shootin' jumpers
Riding with the thunder, a bunch of blue hundreds
Talk about me won't do nothing
Call me back, I'm at the gambling house and I'm losing money
When I dope in front of him, I already know it
He just gone take it back like he stupid or fumbled

Talk to me don't talk about me
(Talk to me don't talk about me)
Wish I knew what you thought about me
If I wasn't up, you would ball without me
Talk to me don't talk about me
(Talk to me don't talk about me)
Wish I knew what you thought about me
If I wasn't up, you would ball without me

Talk to me don't talk about me
(Talk to me don't talk about me)
Wish I knew what you thought about me
If I wasn't up, you would ball without me
Talk to me don't talk about me
(Talk to me don't talk about me)
Wish I knew what you thought about me
If I wasn't up, you would ball without me

(Talk to me don't talk about me)
