Just bought lil cuz a Glock, and yeah its always one in the top  
Strapped like a fuckin car cd on them roxies  
Addicted to prescription narcotics  
Yeah since they shot him  
He just want somebody to feel how he feel about it  
Getting it and really bout it  
Still willing to kill about it  
Mixed a mill for the profit  
Imma get me a couple thousand  
Might just call up my old bitch  
I been feelin nostalgic  
Used to serve out of rentals  
Wartime we tint 'em  
And isotal in the cabinet  
Quiet 9 by the blender  
My nigga we really havin it  
All my pockets got cash in it  
Really just need one real bitch  
All the thots you can have 'em  
'Member I when was fucked up  
Bought a spot and a magnum  
And I ain't never looked back  
And naw I'm not even braggin  
But ever since then  
If I wanted I had it  
Or I grinded till I got it (Grind Hard)  
Yeah you know how I'm rockin  
Ever since then  
If I wanted I had it  
Or I grinded till I got it  
Grind Hard Lito!

I gotta choppa in my car, yeah, yo' hoe can vouch  
And you can give that bitch your heart but I just want the mouth  
You put emoji's under her pictures, I prolly flown her out  
Told her don't post it, I on want no one to know about it  
They asked me where I got these kicks  
But nah they don't come out  
Don't ask me where I got this stick shit I just stole some pounds  
Blowing up my phone talking bout I owe him, how?

Ha, I gave him all ones  
You should've brought your gun  
You took a loss, we won  
And it ain't cost me nothin  
And for that free smoke
