

Breathe in, breathe out.
Two seconds down,
Wake up, I've gotta wake up.
Eyes open wide,
Made up my mind.
Wake up, really wake up,

And see it differently,
With a sense of urgency,
Like I play a part in change.
Like what's in front of me,
Is half way to eternity,
And every moment counts.

If all I got is 24/7,
Then all I want is every last second,
To make it all about, I wanna make it about you.
If all I got is just three minutes,
Then let these words,
Reflect that I'm living
to make it all about,
I wanna make it about you.

Within my reach is the unseen,
Step out, I've gotta step out.
Let loose the light I've got inside.
Right now, right now,

And live it differently,
Life is an emergency,
We all play a part in change.
If what's in front of me,
Can change someone's eternity,
Then every moment counts.

If all I got is 24/7,
Then all I want is every last second,
To make it all about, I wanna make it about you.
If all I got is just three minutes,
Then let these words reflect that I'm living
to make it all about, I wanna make it about you.

(woah)
Than anything,
(woah)
Than what I need
(woah, woah)
Than temporary, ordinary
(woah)
Than what I want
(woah)
Than what I've got,
(woah, woah)
Than temporary, ordinary.

If all I got is 24/7,
Then all I want is every last second.

If all I got is 24/7,
Then all I want is every last second,
To make it all about, I wanna make it about you.
If all I got is just three minutes,
Then let these words reflect that I'm living
To make it all about, I wanna make it about you.
(Make it all about, make it all about you)
