

## Christmas Has a Name

### Stars Go Dim

It's not just the sound of busy streets and shopping malls  
Green trees and stockings, silver bells and deck the halls  
It's not just a season that comes once year  
It's a baby in a manger, Emmanuel is here

Jesus, Savior, Son of God  
Light of the world, most Holy One  
Child of Heaven, born today  
Come to take our sin away  
Christmas has a name  
Christmas has a name

Angels fill the sky and shepherds run to see  
This Messiah that will set his people free  
The King of Heaven clothed in our humanity  
This Baby in a manger will give His life for me

Jesus, Savior, Son of God  
Light of the world, most Holy One  
Child of Heaven, born today  
Come to take our sin away  
Christmas has a name  
Christmas has a name

Hallelujah, Hallelujah, let our hearts join Heaven's song  
Hallelujah, Hallelujah, the Lord our God has finally come

Jesus, Savior, Son of God  
Light of the world, most Holy One  
Child of Heaven, born today  
Come to take our sin away  
Christmas has a name  
Christmas has a name  
Christmas has a name  
Oh, Christmas has a name
