

Christmas Is Here

Stars Go Dim

Just kids counting down December
Yeah, I still remember back when
There was nothing better than the snowy weather
When did all the wonder, all the joy start to disappear
But right here

I want it back in my heart wanna feel it
The magic, the thrill of the season
I will sing joy to the world at the top of my lungs
Born in a manger our Savior has come
Heaven to earth hope is alive
The most wonderful time of the year
Christmas is here
Christmas is here

How can I let another pass me by
Pretend like it was nothing
The King of all creation came to us
I know it's something
Worth celebrating, heaven gave itself in love
What love

I want it back in my heart, wanna feel it
The magic, the thrill of the season
I will sing joy to the world at the top of my lungs
Born in a manger our Savior has come
Heaven to earth hope is alive
The most wonderful time of the year
Christmas is here
Christmas is here

I will sing joy, peace, holy King of kings
I will sing joy, peace, holy King of kings
I will sing joy to the world at the top of my lungs

I will sing joy to the world at the top of my lungs
Born in a manger our Savior has come
Heaven to earth hope is alive
The most wonderful time of the year
Christmas is here
Christmas is here (joy, peace, holy King of kings)
Christmas is here (joy, peace, holy King of kings)
