

It's Gonna Get Better

Stars Go Dim

It's gonna get better (It's gonna get better)
It's gonna get better (It's gonna get better)
It's gonna get-

It's ok if you're not ok
It's not gonna end this way
Today is the day to change
It's the time, it's the place

All that you've locked inside
Is ready to come alive
Embrace your great design
Now's the time, lift your eyes

I don't have to fear 'cause I trust His love (His love)
I know where my help, where my help comes from

It's gonna get better (It's gonna get better)
It's gonna get better (It's gonna get better)
It's gonna get better
There is no mistake I could ever make
It's gonna get better
That You'd let erase all You've done for me, ooh

Better, better
Better, better
Better, better
Better, better

The longer I live I see
Not a past You can't redeem
I know my identity
Failures won't define me

I don't have to fear 'cause I trust His love
I know where my help, where my help comes from

It's gonna get better
There is no mistake I could ever make
It's gonna get better
That You'd let erase all You've done for me
It's gonna get better
There is no mistake I could ever make
It's gonna get better
That You'd let erase all You've done for me

I've walked through the valley, the shadow
I'm ready for all You have for me, all You have for me
No matter where You lead as long as You're with me
I'm where I need to be
It's gonna get better (It's gonna)

It's gonna get better
There is no mistake I could ever make
It's gonna get better
That You'd let erase all You've done for me
It's gonna get better

There is no mistake I could ever make
It's gonna get better
That You'd let erase all You've done for me, oh-oh-oh-ohh

I've walked through the valley, the shadow
I'm ready for all You have for me, all You have for me
It's gonna get better
(Better, better)
(Better, better)
It's gonna get (Better, better)
It's gonna get better (Better, better)
(Better, better)
(Better, better)
It's gonna get better
(Better, better)
(Better, better)
