

I Am

Static-X

I've been taking abuse and it's senseless
fist into the wall and it's painless
I've been living the lie that I made me
live it

Screaming into the mic and I like it
put it all over the air in thick slices
soak it all up in your head with the anger
like it

Older
elder
I am
(grind on it)
deeper
bleaker
I am

Brush the surface off and grind on it

Put a gun in my mouth and threaten to shoot

Justice died here
