```
I've been taking abuse and it's senseless fist into the wall and it's painless
I've been living the lie that I made me live it
```

Screaming into the mic and I like it put it all over the air in thick slices soak it all up in your head with the anger like it

```
Older
elder
I am
(grind on it)
deeper
bleaker
I am
```

Brush the surface off and grind on it

Put a gun in my mouth and threaten to shoot

Justice died here
